MAN WHO HELPED FOUND CHARLEROI DIES IN WEST

Clarence H. Chandler Drops Dead at Summer Home in Bellingham, Wash., Yesterday Morning,

VARIED EXPERIENCES IN USEFUL CAREER

* C. H. Chandler, one of Charleroi's most prominent citizens, died suddenly at Bellingham, Washington, yesterday, where he is engaged in business during the summer months. His death was announced by a message last evening from W. F. Gwynn, formerly of Charleroi with whom Mr. Chandler was associated in business. No details were given other than that he dropped dead at 11 o'clock. Subsequent messages from Mrs Genevieve Phipps, Mr. Chandler's daughter, who resides in Denver, state that the body will be shipped to Pocatonica, Ill., Mr. Chandler's former home, and where his parents and wife are buried.

C. H CHANDLER

Although not in good health when he left Charleroi about six weeks ago for Bellingham, the news of Mr. Chandler's death was a shock to his many friends here. He was one of the pioneers of Charleroi and a founder of the town, and during the first years of its existence was one of the active spirits in its progress and development. When Charleroi was planned by the establishment of the big plate glass plant here, Mr. Chandler came with his brother, the late Dr. A. F. Chandler, one of the firm, and was associated with that industry until it was taken over by the Pittsburg Plate Glass company, when he retired, and opened a real estate office here, which he successfully conducted until failing health caused his retirement

Since that time Mr Chandler has traveled widely, largely in search of health. A part of the time he spent at Bellingham, Washintgon, where he was interested in a business venture with W. F. Gwynn, and a part of the time he spent at Denver with his daughter, Mrs. Genevieve Phipps, but he always regarded Charleroi as his home, where he said he expected to live to the end of his days.

Few men have had a more varied career than Mr. Chandler He was born in St. Lawrence county, New York, June 15, 1847. While yet an infant his parents moved to Illinois, where Mr. Chandler grew to young manhood There he learned the printing trade, and at an early age found himself sticking type on the Border Sentinel of Mound City, Kansas. This was a famous abolition sheeet, and was edited by the celebrated Nat. G. Barter. While there Mr. Chandler had many thrilling and exciting adventures, and witnessed the workings of the underground railway by which slaves were smuggled through to freedom. After wandering over the middle west as a typo Mr. Chandler drifted back to Kansas, and while working on the Lynn County Clarion, was appointed deputy sheriff. He filled this position with such satisfaction that he was in 1884 elected sheriff of the county, and filled the office for two terms. In those days the office of sheriff was filled with peril and adventure and Sheriff Chandler on more than one occasion barely escaped with his life. Brave and fearless he became a terror to the desperadoes and evil-doers that infested the State and has to his credit many captures of bad men on whose heads a price was set

At the conclusion of his second term as sheriff Mr. Chandler opened a real estate office in Mound City, Kansas. He was married in 1876 to Miss Meda Shimmin at Pecatonica, Ill. Mrs. Chandler died shortly after the family came to Charleroi leaving besides her husband one daughter, who was afterwards married to Lawrence C. Phipps of Pittsburg.

Mr. Chandler was prominent in fraternal circles being a member of the Masonic and Elks orders. He belonged to the Mound City, Kansas, lodge of Masons, and to Charleroi Lodge, No. 494 B. P. O. E. He was a charter member of the latter lodge, and its second exalted ruler. He is the first past exalted ruler of the lodge to answer the final summons. He was also the first member of the lodge to be given outside honors, having been elected district deputy of Pennsylania Southwest. The date of the funeral is not yet set, but will be determined after it is known when the body will arrive at the old home town in Illinois.

CHARLEROI WILL BE GAY LOOKING TOWN ON FOURTH

Place will be Decorated, Most Likely by Professional Decorator.

EXPERT COMES ON VISIT

Charleroi will put on gay colors on the Fourth. W. H. Hardester, a profesisonal decorator, was in town yesterday looking after the decorations for the big celebration, and while here made arrangements with several of the business houses for their private adornments. He also submitted prices to the decorating committee for designs to be used on the streets. He will be in town again the first of the coming week, and will call on every buisness house for orders. His flags and bunting are new and up-to-date, and if he is able to get orders enough the town will make a showing that will impress the thousands of strangers who will throng the streets to witness the big celebration.

EPISCOPALS BEAT PRESBYTERIANS IN GOOD CONTEST

The Episcopals won from the First Presbyterians last night by the score of 6 to 5 in an exciting game. The contest was enlivened by snappy plays. The Episcopals started off well with two scores in the first inning on three hits and an error, one came in the second on some misjudgement and an error, with another following in the third on a base on balls, a sacrifice, an error, and a stolen base. Two in the seventh helped along matters, when with one man on base, Spridek made one of the cleanest home runs seen here for some time. The Presbyterians scored three in the sixth on a base on balls two bingles, an error, and a putout, also two in the seventh on a base on balls and two two-basers.

Trains from Pittsburg Not from Brownsville

In the article published in yesterday's issue of the Mail, concerning the putting on of new trains by the Adams Express company, some errors was made. The paragraph which read "Train due at 8:18 from Brownsville, has a separate section," should have read "from Pittsburg;" also the paragraph "train due at 11:04 from Brownsville, has separate section" should have read "from Pittsburg." The 10:06 train carries express consigned only to points on the Monongahela river above West Brownsville.

INTERNATIONAL COMPLICATIONS ARE POSSIBLE

Austrian Consul to Come to Charleroi in Interest of Countryman

ARRESTED ON RAILROAD

The enforcement of the law regarding trespassing on the railroad by the Pennsylvania Railroad company as compelled by the State may result in international compliations. This moring Marlin Chandos, an Austrian, said to be a newly arrived immigrant in this country was arrested near the local passenger station by P. R. R. Detective William Smith and J. R. Chalfant for trespassing on the tracks and incidents leading up to the arrest have caused the friends of the man to communicate with the Austrian consel in Pittsburg and he is expected here to invesitgate the affair

The man when arrested was wandering on the track. He put up a stiff fight, and Smith who attempted the arrest first, was injured, so that it was necessary for Detective Chalfant to go to his aid. They finally landed the man and took him before Justice Rice, where information was made.

Some of the friends of the man appeared and waiving a hearing put up bail of $300 for his appearance at court. Through an interpreter he said he was new in this country, and had friends in the Plate Glass works who he was trying to locate. When approached by the two officials he thought they were trying to rob him and resisted, trying to get away.

There were many who witnessed the occurrence who were prone to blame the detectives for their part in the affair, but the latter were only following orders issued from the railroad company's office, at the instance of the State Railroad Commission, which caused them to act. The foreinegr was not the only one used up in the scrimmage, both Detectives Smith and Chalfant sustaining injuries, Smith having ligaments torn lose from two fingers on his right hand. Chandos was also beaten up by the officials maces.

YEAR'S BUSINESS IS FINISHED UP BY SCHOOL BOARD

The school board at a meeting last night practically finished up the work for the year previous to the re-organization of the new board, the first Monday in June. About 5,589 visits were made during the month just colsed, and a total of 7,621 during the year. A report of the treasurer was read showing receipts during the month of April of $42.50 and ependitures of $3,366.

SURPRISE GUEST WITH NEAT GIFT

The Lady Maccabees tendered a reception to one of their members, Mrs. Samuel Evans of Beechview who is visiting friends here for a few days, at P. H. C. Hall last evening. Mrs. Evans extended an invitation to the ladies of Charleroi Hive to visit her at her home for a 6 o'clock dinner the second week in June which was accepted.

While Mrs. Evans was giving her invitation she did not know that the committee had a delightful surprise in store for her until the Lady Commander stepped forward and presented her with a beautiful Haviland china chocolate set. The surprise was complete. But "Carrie," as her associates are pleased to call her repsonded to the commander's remarks in a very charming manner. That was not all, for the ladies had also prepared a very dainty lunch consisting of strawberries, ice cream, cake and lemonade.

"As an ardent admirer of Theodore Roosevelt, and a firm believer in the policies which he stood for," etc.

From House Journal, pp. 303-308. 1905 Session, Penn'a Legislature, of which Mr. Kennedy was a member.

"The following resolution was offered in the House of Representatives, Jan. 30, 1905:

"Whereas, President Roosevelt has announced his purpose to procure legislation by Congress, which will effectually stop the discrimination in freight rates and the payment of rebates by carrying corporations engaged in interstate commerce, and

"Whereas, the enlargement of the powers of the Interstate Commerce Commission to the end that the traveling public and shippers may have prompt and adequate relief from the abuses to which they are subject in the matter of transportation, is essential to the fulfillment of this purpose,

"Therefore, Resolved, by the House of Representatives of the General Assembly of Pennsylvania that our Senators in Congress be instructed and our Representatives requested to vote for such measure as will give the Interstate Commerce Commission larger powers to the end that shippers may have prompt and adequate relief, and that rebates be prohibited."

The Illusion of Night.

I sometimes fancy that every great city must have been built by night. At least it is only at night that every part of a great city is great. All architecture is great architecture after sunset. Perhaps architecture is really a nocturnal art, like the art of fireworks. At least I think many people of those nobler trades that work by night (journalists, policemen, burglars, coffee stall keepers and such mistaken enthusiasts as refuse to go home till morning) must often have stood admiring some black bulk of building with a crown of battlements or a crest of spires and then burst into tears at daybreak to discover that it was only a haberdasher's shop with huge gold letters across the face of it.—G. A. Chesterton in London News.

C. H. Chandler.

The death of C. H. Chandler, which occurred yesterday in the far off State of Washington, creates widespread regret in Charleroi and in this entire community, where he was widely and favorably known. Coming to Charleroi at its inception, and as an associate of the great industry on which the town was founded, he was one of the builders and developers of the Magic City. His later honorable and progressive business career had much to do with establishing the business interests of the town on a stable basis. He was active in the advancement and development of the interests of the town until failing health caused his retirement, but even while traveling widely he still regarded Charleroi as his home, and had ever an affectionate regard for the people here and more than a kindly interest in their welfare.

It was, however, Mr. Chandler's personal quailties that endeared him to his associates even more than his efforts in the interests of the public. Possessed of a sunny and genial disposition, unselfish in his personal associations with his fellow men, he was ever mindful of the feelings and rights of others. He had the rare facultyof making and keeping friends, and although, fearless and forceful in character, as evidenced by his thrilling career in the border States, modest and unassuming, gentle and kind he was ever readay to give aid and sympathy wherever it was needed. These were the qualities that endeared Mr. Chandler ot the people of Chaleroi and the news of his death is received with genuine regret and sorrow.

Why Not?

The Canonsburg Notes while nominally a Repbulican paper, is trying to make capital against Congressman John K. Tener, because he is "regular;" that is, loyal to the principles of the party which elected him and to whose poilcies he is virtually pledged. The Notes professes to be in sypmathy with the policies of Roosevelt, which are the policies of the present administration, but to the Representative elected for the express purpose of carrying out these policies, it seeks to fasten upon him a political crime instead of a party virtue.

When former Congressman Acheson, whose personality dominates the Notes, was in Congress he went into the party caucus and abided by its decisions, voted for "Uncle Joe" Cannon for Speaker, and characterized as "mongrels" and "political bastards" those who opposed his abitrary methods of slating candidates for county office. When in the zenith of his power he was very "regular," even to the extent of voting his Assemblymen Senator Penrose in the face of a petition of five thousand of his constituents protesting against such action. He was also "regular" enough to vote for Matthew Stanley Quay for President of the United States, when he was once chosen a delegate to the National covention.

It is no crime for Mr. Tener to be regular with his party any more than it was for Mr. Acheson. That is what is expected, and that is what a majority of the voters desired when they elected him as their Representative. Voters line up with the respective parties according to their political beliefs, and it is the Representative's duty to carry out those policies so far as possible. He would be a traitor to those who elected him if he failed to stand by the issues on which he was elected.

Have You Been Counted?

Has the census man missed you? He may have called at your home, your boarding house, or your place of abode, whether permanent or temporary, and your name might have been inadvertantly omitted. If you have any doubts on the subject, there is still opportunity to be classed as one of the aggregate that constitutes the population of the greatest and most glorious country on the face of the globe. All that you have to do is to fill out the coupon which appears in this issue of the paper, and mail it to the supervisor of census, Charles O. Frye at Charleroi. If you have been enumerated, well and good; you will not be counted twice, but if you have not, this coupon will give you the proper classifiation.

Every resident of Charleroi who has any doubt about having been enumerated is especially urged to fill out this coupon and send it to the supervisor's office. Aside from the standard of accuracy required by the Government in taking the census, it is a matter of pride on the part of Charleroi citizens to make as good a showing as possible. This enumeration establishes a basis on which Charleroi will be judged for the next ten years, and it will have a very material bearing on the associations of the town with the outside world. Therefore, be sure you have been enumerated. You still have ample time to become one the units that constitute a progressive whole if the enumerator has missed you.

The Palace—Charleroi

So very realistic was one of the moving pictures at the Palace Theatre this week that a woman in the audience nearly fainted and had to be taken out The picture was entitled a "Race With Death," and showed a woman of the frontier riding on horseback for a doctor to attend her husband, who had cut an artery in his arm and was in danger of bleeding to death. While his wife is absent the stricken husband exerts his supreme efforts to keep alive and at the same time prevent their two-year-old babe from falling into a well. The wife encounters all kinds of trouble, also. She loses her saddle and the horse goes lame but she finally gets the doctor back in time and all is well.

The supsense was too great for one woman, however, which is a high tribute to the films. Tom Payton sang "That Mesmerizing Mendelssohn Tune" and "By the Light of the Silvery Moon." Laura Lahew sang "Curley Head" and "Mother." All were illustrated songs of exceptional merit.

His Stenographer Knew.

A busy man in his office sat, 'twas nearing the close of day, and he tried to recall the morning, as from home he was coming away; he had promised to do some small errand for his wife while he was in town. And he frowned as he muttered, queasy, "I ought to have written it down" Then he turned to a bright-eyed maiden—his stenographer, by the way, and wondered if she could make a guess what his wife had wanted that day. And the miss, half divining his trouble said, "Perhaps I can help you sir. Now was it Chi Namel she wanted," and he actually glared at her. "Why sure; tha was it; but please tell me, how you managed to guess it so quick?" "Oh," she answered, "it's Chi-Namel season. To guess that was really no trick." Whether you have a new house to be varnished throughout or an old one you wish to make look like new, Chi-Namel Varnishes and Ready-to use Graining Process are equal to the occasion. Sold by T. P. AMONG THE THEATERS

New Duquesne—Pittsburg.

The Harry Davis stock company, which won such genuine popularity at the New Duquesne Theatre during the regular theatrical season, will next Monday afternoon, May 30, inaugurate the summer season in the Grand Opera House, where under the direction of Harry Davis, there will be produced a series of the most brilliant and elaborate productions. The opening bill will be that most delightful and dramaticaly strong society drama by Bronson Howard, "Aristocracy." It will afford William Ingersoll, Miss Mary Hall and other talented members of the company splendid opportunities.

The costumes, the scenic effects and the pretty stage pictures will add to the charm of the production, and opening week of the summer season at the Grand promises to be an epoch in the history of the stage in Pittsburg.

The Grand Opera House is particularly adapted to summer productions, being commodious, cool and comfortable. It is the intention to present a number of the best, brightest and most intresting plays of the standard drama comedies and tragedies. Already such plays as "The Middleman," "All on Account of Eliza." "Truth" "The Rogue's Comdey" and "Ishamel" have been listed and probably will follow in the order named. The scale of prices will be 25 cents, 35 cents and 50 cents, with a few choice seats nights only at 75 cents. Seats for next week are now on sale at the Grand and New Duquesne box offices. Persons having season seat reservations in either theatre may have the same transferred upon application at the box office by mail or by telephone.

The Hippodrome—Pittsburg

Pittsburg's Hippodrome begins its second season on million dollar Forbes Field on the evening of Memorial Day, next Monday, May 30th. The gates open at 7:30 and the performance begins at 8 o'clock. It will be preceded by a concert played by Nirella's Fourteenth Regiment Band, personally directed by Maestro Nirella. Every night throughout the summer season, whether it rains or is fair, when the base ball club is at home as well as when away the Hippodrome will entertain pleasure-seekers, and during the absence of the ball team from the city matinees will be given every Wednesday and Saturday.

The bill for the initial week is without precedent. Its chief thrill is a novelty called "The Death Swing," a sensation in which Mlle Bergerat, seated in a motor car, flies down a steep incline at terrific velocity is caught up by some apparatus and machine and rider swung into space, describing a series of circles. It is a maddening, hazardous dash.

The Flying Banvards, 4 stalwart men and two beautiful women, will perform upon the largest aerial trapeze ever constructed. They are eighty feet high and sitxy feet across.

Powers' wonderful performing elephants, a troupe of pachydermes of astonishing intelligence, will bet special interest to the children but to the adults as well.

Herzog's beautiful horses, ridden by the world's best equestrian, Mlle. Herzog; the famous Donedin troupe of daring Australian girl bicyclist; the celebrated European Donegan Sisters, in their roller skating and acrobatic feats; Van Cleve, Denton and Pete, the two funny clowns and the unridable mule; Lane and O'Donnell, most grotesque of knockout comedians; Wormwoods dogs and educated baboon's; the 2 Seibets, man and woman in a skilful and beautiful equestrian act; the Mamba Troule of Japanese athletes, equilibrists, and gymnasts, Signoor Conati and Mlle. Aviator, in a picturesue carrying act upon horseback, in which the man carries the woman aloft; Durbara's company of funny clowns, and numerous others comprise the enormous program, which Director Harry Davis announced last night.

Subsequently to this performance, Conti, the pyrotechnical expet, will give a display of fireworks rivaling the most magnifirent exhibitions of Independence Day.

There are 30,000 seats on the splendid stadium at Forbes Field. 10,000 of these have been set aside at the general admisson price of 10c. The reserved seats are 25 cents and the private boxes 50c.

An Artist's Mustache.

The mustache was not viewed with favor in England in the middle of the last century. An anecdote is told of the late Thomas Cooper, the English artist, to illustrate. He was brought before a magistrate in 1846 on some minor charge and was described in the police report as being "fashionably dressed, with large mustaches." The Art Journal of the date, commenting on it, said that "no member of the Royal academy perpetrates the atrocity of mustaches, a most un-English affectation." Mr. Cooper became a member of the academy a few years later.

The 30th of May, the day when tender memories cluster 'round us for the gallant soldier boys in blue, and we would also pay our tribute to these heroes.

Did you receive a share of the profits?

Did you participate in the distribution of the $2,610.62 which we paid our members in the shape of dividends and interest during last year?

If you did not get a share of those profits it is because you are not a member or, if you are a member, it is because you did not do your buying at your own store.

The individual of whom you bought and paid for your goods, has made a profit on your dealings, but that profit he kept for himself, and instead of helping yourself to better your condition and that of your family, you have helped others to accumulate wealth, which may be used to hold you down to your present conditions.

FOR ASSEMBLY

Republican Chairman

C. Wesley Yarnall

DR. C. WESLEY YARNALL of California, has formally announced [illegible] a candidate for the Assembly on the Republican [illegible] at the Spring primaries, and from now on proposes to make [illegible] aggressive campaign in favor of his candidacy.

Dr. C. Wesley Yarnall is the son of Rev. J. V. Yarnall, deceased, [illegible] Pittsburg M. E. Conference. He was born in Claysville, Pa., in 1869. His early education was obtained in the public schools of the county and the Normal School of California. Later he mined coal and taught school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburg and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., graduating in the class of 1889. He then engaged in the practice of medicine in Roscoe and Bentleyville, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the oldest members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. lodges. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected, I am in favor of personal registration, and better election laws.

I am in favor of the New School Code when perfected, and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition, and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications.

I am a Roosevelt Republican, and it was my duty as well as a privilege, to become acquainted with him while he was at the head of the Civil Service Commission in the 80's.

I believe the principles and policies he has given us as applied to Borough, Township, County and State government, will better our condition, and I am an enthusiastic supporter of the progressive policies for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,

C. WESLEY YARNALL,

Subject to Republican Rules. Primaries June 4th.

STAND FIRM FOR THE TARIFF

Ohio Republicans Make Answer to the Cheap Talk of the Discontents

THEY LIKE REAL PROSPERITY

Bryan's Crowd in Pennsylvania Seems to Have Been Driven Into the Tall Timbers—Colonel Guffey to Name the Candidate and Spend the Corruption Fund.

That talk is cheap and that some grades of talk is cheaper than others is conclusively demonstrated by the election returns from Ohio. The Republican primaries were held in the Buckeye state last Tuesday and the returns from a political standpoint are well worth while. Not a few of the Republicans from every section of the country who were ambitious to get their feet into the public feeding trough were shouting themselves hoarse over the default of the tariff and the national administration. They were contending with beautiful force that the woes of the world generally were provoked by the recently enacted tariff law and that the national administration was unpopular and against the best interests because the President had indorsed the tariff legislation. The fact that in a congressional district in one of the eastern states an unpopular candidate for congress on the Republican ticket had been defeated by a candidate without party alliances was freely offered as proof that the tariff was responsible and that only Republican calamity might be expected unless the tariff should be revised or something done which would advance the political interests of those patriots who were out of office and were anxious to serve themselves at the country's expense by getting in.

The Republican primaries in Ohio were fought out along the lines of the tariff and the national administration. The ambitious place hunters, concealed behind the cloak of tariff reform, talked the State fairly dizzy. They contended that the tariff was in a great degree responsible for the high cost of living and that the administration was a complete and dismal failure. They talked like W. J. Bryan, Senator La Follette and an up-to-date megaphone combined, and finally at the primaries the answer came from the people in a majority of more than 150,000 for United States Senator Charles Dick, who was seeking a renomination and who had made his fight clearly and distinctly on the issue of the tariff and the national administration. Every Republican candidate for Congress who had stood on the Dick platform was nominated by a safe majority, which at once teaches the important lesson that in all cases talk is cheap and that in Ohio the political insurgents were using very cheap talk.

Representative James Kennedy, of Youngstown, O., represents a district in Congress made up almost entirely of manufacturing interests. He had stood with United States Senator Boies Penrose of Pennsylvania and Senator Dick of Ohio for protection to American industries and American labor when the tariff was being revised. He asked his constituents for a renomination on the ground that the tariff was the best this country had ever had and upon that platform he stood firm and fast. He was opposed for the nomination by two other candidates and one of them was also favorable to the protective tariff and the national administration. The other declared himself against both the tariff and the administration and talked long and loud of reforms which the country needed and which he pledged himself to bring about. Representative Kennedy was renominated and the insurgent was third in the race. With the industries of the country busy day and night and with labor getting steady work at advancing pay an attack upon the tariff and the national administration does not appeal with such force to the world in which prosperity figures so largely. It is apparent that the voters are becoming acquainted with the tariff. They are not to be hoodwinked by selfish talkers. Their confidence in the national administration is growing apace and what occurred in Ohio at the recent Republican primaries is absolutely certain to occur in Pennsylvania at the coming general election. Protection and prosperity are what the Pennsylvania voters want. They have precious little concern in isms and theories. They like the hum and music of the busy mills and especially they like the fat pay envelopes which come to them twice each month.

The Children of the Great.

There is a tendency for children of exceptional parents to regress toward the average stock. Galton terms this tendency filial regression. This, the London hospital points out, applies equally to exceptional physical and mental characters. Thus, though tall stature may run in certain families, yet there is always a tendency to revert to the mean average size. Similarly the children of a genius tend to have somewhat less than their father's power, but more than the average of the race. According to Professor Pearson, distinguished parents are just ten times more likely to have distinguished offspring that undistinguished parents. Still, such cases as the Darwins, father and sons; the two Pitts, Philip and Alexander the Great are exceptional. Similarly also the children of a criminal tend to be less vicious than the father, though morally inferior to the average man.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

How to Cure Eczema, Pimples, Exe and Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for Eczema, pimples, and dandruff. Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as Zemo has given splendid results wherever recommended. Our customers like Zemo too, because it is a clean vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase, we give a booklet on skin disease explaining in some words how any person can be cured at home of any from of skin or scalp diseases by this clean, scientific remedy. Piper Bros.

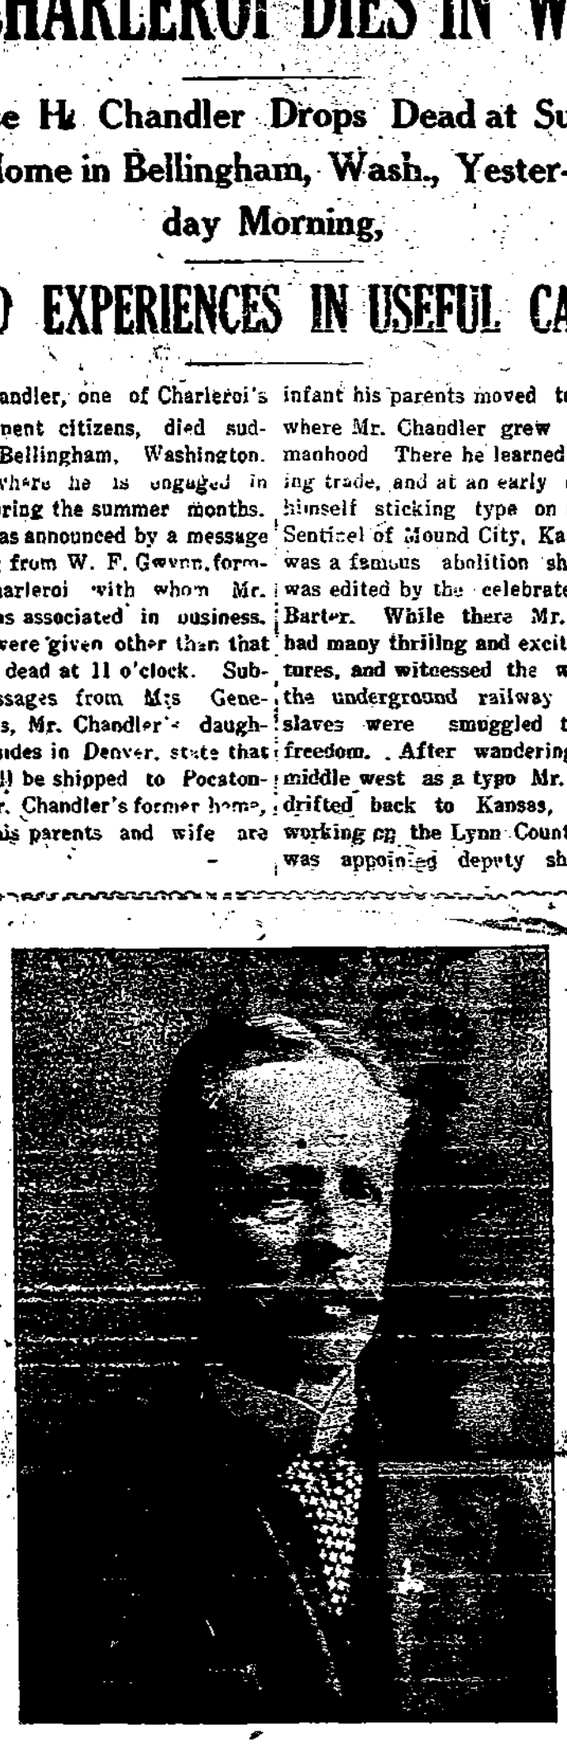
MAN WHO HELPED FOUND CHARLEROI DIES IN WEST

Clarence H. Chandler Drops Dead at Summer Home in Bellingham, Wash., Yesterday Morning,

VARIED EXPERIENCES IN USEFUL CAREER

C. H. Chandler, one of Charleroi's most prominent citizens, died suddenly at Bellingham, Washington, yesterday, where he is engaged in business during the summer months. His death was announced by a message last evening from W. F. Gwynn, formerly of Charleroi with whom Mr. Chandler was associated in business. No details were given other than that he dropped dead at 11 o'clock. Subsequent messages from Mrs Genevieve Phipps, Mr. Chandler's daughter, who resides in Denver, state that the body will be shipped to Pocatonica, Ill., Mr. Chandler's former home, and where his parents and wife are buried.



C. H. CHANDLER.

Although not in good health when he left Charleroi about six weeks ago for Bellingham, the news of Mr. Chandler's death was a shock to his many friends here. He was one of the pioneers of Charleroi and a founder of the town, and during the first years of its existence was one of the active spirits in its progress and development. When Charleroi was planned by the establishment of the big plate glass plant here, Mr. Chandler came with his brother, the late Dr. A. F. Chandler, one of the firm, and was associated with that industry until it was taken over by the Pittsburg Plate Glass company, when he retired, and opened a real estate office here, which he successfully conducted until failing health caused his retirement

Since that time Mr. Chandler has traveled widely, largely in search of health. A part of the time he spent at Bellingham, Washintgon, where he was interested in a business venture with W. F. Gwynn, and a part of the time he spent at Denver with his daughter, Mrs. Genevieve Phipps, but he always regarded Charleroi as his home, where he said he expected to live to the end of his days.

Few men have had a more varied career than Mr. Chandler. He was born in St. Lawrence county, New York, June 15, 1847. While yet an infant his parents moved to Illinois, where Mr. Chandler grew to young manhood There he learned the printing trade, and at an early age found himself sticking type on the Border Sentinel of Mound City, Kansas. This was a famous abolition sheeet, and was edited by the celebrated Nat. G. Barter. While there Mr. Chandler had many thrilling and exciting adventures, and witnessed the workings of the underground railway by which slaves were smuggled through to freedom. After wandering over the middle west as a typo Mr. Chandler drifted back to Kansas, and while working on the Lynn County Clarion, was appointed deputy sheriff. He filled this position with such satisfaction that he was in 1884 elected sheriff of the county, and filled the office for two terms. In those days the office of sheriff was filled with peril and adventure and Sheriff Chandler on more than one occasion barely escaped with his life. Brave and fearless he became a terror to the desperadoes and evil-doers that infested the State and has to his credit many captures of bad men on whose heads a price was set.

At the conclusion of his second term as sheriff Mr. Chandler opened a real estate office in Mound City, Kansas. He was married in 1876 to Miss Meda Shimmin at Pecatonica, Ill. Mrs. Chandler died shortly after the family came to Charleroi leaving besides her husband one daughter, who was afterwards married to Lawrence C. Phipps of Pittsburg.

Mr. Chandler was prominent in fraternal circles being a member of the Masonic and Elks orders. He belonged to the Mound City, Kansas, lodge of Masons, and to Charleroi Lodge, No. 494 B. P. O. E. He was a charter member of the latter lodge, and its second exalted ruler. He is the first past exalted ruler of the lodge to answer the final summons. He was also the first member of the lodge to be given outside honors, having been elected district deputy of Pennsylania Southwest. The date of the funeral is not yet set, but will be determined after it is known when the body will arrive at the old home town in Illinois.

CHARLEROI WILL BE GAY LOOKING TOWN ON FOURTH

Place will be Decorated, Most Likely by Professional Decorator.

EXPERT COMES ON VISIT

Charleroi will put on gay colors on the Fourth. W. H. Hardester, a professional decorator, was in town yesterday looking after the decorations for the big celebration, and while here made arrangements with several of the business houses for their private adornments. He also submitted prices to the decorating committee for designs to be used on the streets. He will be in town again the first of the coming week, and will call on every buisness house for orders. His flags and bunting are new and up-to-date, and if he is able to get orders enough the town will make a showing that will impress the thousands of strangers who will throng the streets to witness the big celebration.

EPISCOPALS BEAT PRESBYTERIANS IN GOOD CONTEST

The Episcopals won from the First Presbyterians last night by the score of 6 to 5 in an exciting game. The contest was enlivened by snappy plays. The Episcopals started off well with two scores in the first inning on three hits and an error, one came in the second on some misjudgement and an error, with another following in the third on a base on balls, a sacrifice, an error, and a stolen base. Two in the seventh helped along matters, when with one man on base, Spridek made one of the cleanest home runs seen here for some time. The Presbyterians scored three in the sixth on a base on balls two bingles, an error, and a putout, also two in the seventh on a base on balls and two two-basers.

INTERNATIONAL COMPLICATIONS ARE POSSIBLE

Austrian Consul to Come to Charleroi in Interest of Countryman

ARRESTED ON RAILROAD

The enforcement of the law regarding trespassing on the railroad by the Pennsylvania Railroad company as compelled by the State may result in international compliations. This moring Marlin Chandos, an Austrian, said to be a newly arrived immigrant in this country was arrested near the local passenger station by P. R. R. Detective William Smith and J. R. Chalfant for trespassing on the tracks and incidents leading up to the arrest have caused the friends of the man to commonicate with the Austrian consel in Pittsburg and he is expected here to invesitgate the affair

The man when arrested was wandering on the track. He put up a stiff fight, and Smith who attempted the arrest first, was injured, so that it was necessary for Detective Chalfant to go to his aid. They finally landed the man and took him before Justice Rice, where information was made.

Some of the friends of the man appeared and waiving a hearing put up bail of $800 for his appearance at court. Through an interpreter he said he was new in this country, and had friends in the Plate Glass works who he was trying to locate. When approached by the two officials he thought they were trying to rob him and resisted, trying to get away.

There were many who witnessed the occurrence who were prone to blame the detectives for their part in the affair, but the latter were only following orders issued from the railroad company's office, at the instance of the State Railroad Commission, which caused them to act. The force einegr was not the only one used up in the scrimmage, both Detectives Smith and Chalfant sustaining injuries, Smith having ligaments torn lose from two fingers on his right hand. Chandos was also beaten up by the officials maces.

YEAR'S BUSINESS IS FINISHED UP BY SCHOOL BOARD

The school board at a meeting last night practically finished up the work for the year previous to the re-organization of the new board, the first Monday in June. A report of the term as prepared by Supt. Pentz was read, showing that there was a total enrollment of 2,012. About 5,589 visits were made during the month just colsed, and a total of 7,621 during the year. A report of the treasurer was read showing receipts during the month of April of $42.50 and ependitures of $3,366.

SURPRISE GUEST WITH NEAT GIFT

The Lady Maccabees tendered a reception to one of their members, Mrs. Samuel Evans of Beechview who is visiting friends here for a few days, at P. H. C. Hall last evening. Mrs. Evans extended an invitation to the ladies of Charleroi Hive to visit her at her home for a 6 o'clock dinner the second week in June which was accepted.

While Mrs. Evans was giving her invitation she did not know that the committee had a delightful surprise in store for her until the Lady Commander stepped forward and presented her with a beautiful Haviland china chocolate set. The surprise was complete. But "Carrie," as her associates are pleased to call her repsonded to the commander's remarks in a very charming manner. That was not all, for the ladies had also prepared a very dainty lunch consisting of strawberries, ice cream, cake and lemonade.

Trains from Pittsburg Not from Brownsville

In the article published in yesterday's issue of the Mail, concerning the putting on of new trains by the Adams Express company, some errors was made. The paragraph which read "Train due at 8:18 from Brownsville, has a separate section," should have read "from Pittsburg;" also the paragraph "train due at 11:04 from Brownvsille, has separate section" should have read "from Pittsburg." The 10:08 train carries express consigned only to points on the Monongahela river above West Brownsville.

PROF. SNODGRASS A GUEST

Makes Address and Tells Stories of Days When He Was Guiding Spirit Here.

The first annual banquet of the Charleroi High School Alumni Association was held last night at Hotel Monier, Charleroi, and the 1910 graduates were honor guests. An elaborate menu was elegantly served. In the enforced absence of the president of the association, Dr. J. Clive Enos, George W. Might acted as toastmaster. Prof. J. A. Snodgrass, the former principal of the Charleroi schools, who is now located in Pittsburg, was the first speaker. He told of former school days in Charleroi, and gave reminiscences of happy times gone by. Other speakers followed in order, among whom were Mrs. Jesse K. Johnston, a former High School teacher, Prof. I. T. Daniel, who responded on behalf of the present faculty in the absence of Prof. Pentz, who is ill, Miss Ethel Jackson of the 1910 class, R. C. Mountsier, Miss Winifred Brown, Miss Price Frye, and Bannister Roberts. Each speaker had something to offer in the way of reminiscence or story of their High School days.

The classees represented were '94, '96, '99, 00', '02, '04, 06, '07, 08', and '10. Each gave its class yell. The dining room was decorated with floral designs, and red and black pennants.

Officers were elceted for the coming year as follows:

President J Bannister Robert; vice president, Miss Elsie Crill; corresponding secretary, Miss Clara Beigel; recording secretary and treasurer, George W. Might. There were plates laid for 40 persons. Kossomme's orchestra furnished music.

"ACTIONS SPEAK LOUDER THAN WORDS"

Extract of Letter from T. L. Kennedy, Candidate for Congress, under date of April 2, 1910.

"As an ardent admirer of Theodore Roosevelt, and a firm believer in the policies which he stood for," etc.

From House Journal, pp. 303-308, 1905 Session, Penn'a Legislature, of which Mr. Kennedy was a member.

"The following resolution was offered in the House of Representatives, Jan. 30, 1905:

"Whereas, President Roosevelt has announced his purpose to procure legislation by Congress, which will effectually stop the discrimination in freight rates and the payment of rebates by carrying corporations engaged in interstate commerce, and

"Whereas, the enlargement of the powers of the Interstate Commerce Commission to the end that the traveling public and shippers may have prompt and adequate relief from the abuses to which they are subject in the matter of transportation, is essential to the fulfillment of this purpose,

"Therefore, Resolved, by the House of Representatives of the General Assembly of Pennsylvania that our Senators in Congress be instructed and our Representatives requested to vote for such measure as will give the Interstate Commerce Commission larger powers to the end that shippers may have prompt and adequate relief, and that rebates be prohibited."

On the final passage of the resolution Mr. Kennedy voted

The Illusion of Night.

I sometimes fancy that every great city must have been built by night. At least it is only at night that every part of a great city is great. All architecture is great architecture after sunset. Perhaps architecture is really a nocturnal art, like the art of fireworks. At least I think many people of those nobler trades that work by night (journalists, policemen, burglars, coffee stall keepers and such mistaken enthusiasts as refuse to go home till morning) must often have stood admiring some black bulk of building with a crown of battlements or a crest of spires and then burst into tears at daybreak to discover that it was only a haberdasher's shop with huge gold letters across the face of it.—G. A. Chesterton in London News.

"Er—you'll have to do it yourself, pa. He has been here so long he is frozen to the snow settee."—Success Magazine.

C. H. Chandler.

The death of C. H. Chandler, which occurred yesterday in the far off State of Washington, creates widespread regret in Charleroi and in this entire community, where he was widely and favorably known. Coming to Charleroi at its inception, and as an associate of the great industry on which the town was founded, he was one of the builders and developers of the Magic City. His later honorable and progressive business career had much to do with establishing the business interests of the town on a stable basis. He was active in the advancement and development of the interests of the town until failing health caused his retirement, but even while traveling widely he still regarded Charleroi as his home, and had ever an affectionate regard for the people here and more than a kindly interest in their welfare.

It was, however, Mr. Chandler's personal qualities that endeared him to his associates even more than his efforts in the interests of the public. Possessed of a sunny and genial disposition, unselfish in his personal associations with his fellow men, he was ever mindful of the feelings and rights of others. He had the rare facultyof making and keeping friends, and although, fearless and forceful in character, as evidenced by his thrilling career in the border States, modest and unassuming, gentle and kind he was ever readay to give aid and sympathy wherever it was needed. These were the qualities that endeared Mr. Chandler ot the people of Chaleroi and the news of his death is received with genuine regret and sorrow.

Why Not?

The Canonsburg Notes while nominally a Repbulican paper, is trying to make capital against Congressman John K. Tener, because he is "regular;" that is, loyal to the principles of the party which elected him and to whose poilcies be is virtually pledged. The Notes professes to be in sypmathy with the policies of Roosevelt, which are the policies of the present administration, but to the Representative elected for the express purpose of carrying out these policies, it seeks to fasten upon him a political crime instead of a party virtue.

When former Congressman Acheson, whose personality dominates the Notes, was in Congress he went into the party caucus and abided by its decisions, voted for "Uncle Joe" Cannon for Speaker, and characterized as "mongrels" and "political bastards" those who opposed his arbitrary methods of slating candidates for county office. When in the zenith of his power he was very "regular," even to the extent of voting his Assemblymen Senator Penrose in the face of a petition of five thousand of his constituents protesting against such action. He was also "regular" enough to vote for Matthew Stanley Quay for President of the United States, when he was once chosen a delegate to the National covention.

It is no crime for Mr. Tener to be regular with his party any more than it was for Mr. Acheson. That is what is expected, and that is what a majority of the voters desired when they elected him as their Representative. Voters line up with the respective parties according to their political beliefs, and it is the Representative's duty to carry out those policies so far as possible. He would be a traitor to those who elected him if he failed to stand by the issues on which he was elected.

Have You Been Counted?

Has the census man missed you? He may have called at your home, your boarding house, or your place of abode, whether permanent or temporary, and your name might have been inadvertantly omitted. If you have any doubts on the subject, there is still opportunity to be classed as one of the aggregate that constitutes the population of the greatest and most glorious country on the face of the globe. All that you have to do is to fill out the coupon which appears in this issue of the paper, and mail it to the supervisor of census, Charles O. Frye at Charleroi. If you have been enumerated, well and good; you will not be counted twice, but if you have not, this coupon will give you the proper classifiation.

Every resident of Charleroi who has any doubt about having been enumerated is especially urged to fill out this coupon and send it to the supervisor's office. Aside from the standard of accuracy required by the Government in taking the census, it is a matter of pride on the part of Charleroi citizens to make as good a showing as possible. This enumeration establishes a basis on which Charleroi will be judged for the next ten years, and it will have a very material bearing on the associations of the town with the outside world. Therefore, be sure you have been enumerated. You still have ample time to become one the units that constitute a progressive whole if the enumerator has missed you.

If not, or if you have any doubt, fill out this coupon and mail to CHARLES O. FRYE, Supervisor of Census, Charleroi, Pa.

On April 15, 1910, I was living at address given below, but to the best of my knowledge I have not been enumerated there or anywhere else.

The Palace—Charleroi

So very realistic was one of the moving pictures at the Palace Theatre this week that a woman in the audience nearly fainted and had to be taken out. The picture was entitled a "Race With Death," and showed a woman of the frontier riding on horseback for a doctor to attend her husband, who had cut an artery in his arm and was in danger of bleeding to death. While his wife is absent the stricken husband exerts his supreme efforts to keep alive and at the same time prevent their two-year-old babe from falling into a well. The wife encounters all kinds of trouble, also. She loses her saddle and the horse goes lame but she finally gets the doctor back in time and all is well.

The supsense was too great for one woman, however, which is a high tribute to the films. Tom Payton sang "That Mesmerizing Mendelssohn Tune" and "By the Light of the Silvery Moon." Laura Lahew sang "Curley Head" and "Mother." All were illustrated songs of exceptional merit.

His Stenographer Knew.

A busy man in his office sat, 'twas nearing the close of day, and he tried to recall the morning, as from home he was coming away; he had promised to do some small errand for his wife while he was in town. And he frowned as he muttered, "easy, "I ought to have written it down" Then he turned to a bright-eyed maiden—his stenographer, by the way, and wondered if she could make a guess what his wife had wanted that day. And the miss, half divining his trouble said, "Perhaps I can help you sir. Now was it Chi-Namel she wanted," and he actually glared at her. "Why sure; tha was it; but please tell me, how you managed to guess it so quick?" "Oh," she answered, "it's Chi-Namel season. To guess that was really no trick." Whether you have a new house to be varnished throughout or an old one you wish to make look like new, Chi-Namel Varnishes and Ready-to use Graining Process are equal to the occasion. Sold by T. P. AMONG THE THEATERS

New Duquesne—Pittsburg.

The Harry Davis stock company, which won such genuine popularity at the New Duquesne Theatre during the regular theatrical season, will next Monday afternoon, May 30, inaugurate the summer season in the Grand Opera House, where under the direction of Harry Davis, there will be produced a series of the most brilliant and elaborate productions. The opening bill will be that most delightful and dramatically strong society drama by Bronson Howard, "Aristocracy." It will afford William Ingersoll, Miss Mary Hall and other talented members of the company splendid opportunities.

The costumes, the scenic effects and the pretty stage pictures will add to the charm of the production, and opening week of the summer season at the Grand promises to be an epoch in the history of the stage in Pittsburg.

The Grand Opera House is particularly adapted to summer productions, being commodious, cool and comfortable. It is the intention to present [illegible] most intresting plays of the standard drama comedies and tragedies. Already such plays as "The Middleman," "All on Account of Eliza." "Truth" "The Rogue's Comdey" and "Ishamel" have been listed and probably will follow in the order named. The scale of prices will be 25 cents, 35 cents and 50 cents, with a few choice seats nights only at 75 cents. Seats for next week are now on sale at the Grand and New Duquesne box offices. Persons having season seat reservations in either theatre may have the same transferred upon application at the box office by mail or by telephone.

The Hippodrome—Pittsburg

Pittsburg's Hippodrome begins its second season on million dollar Forbes Field on the evening of Memorial Day, next Monday, May 30th. The gates open at 7:30 and the performance begins at 8 o'clock. It will be preceded by a concert played by Nirella's Fourteenth Regiment Band, personally directed by Maestro Nirella. Every night throughout the summer season, whether it rains or is fair, when the base ball club is at home as well as when away the Hippodrome will entertain pleasure seekers, and during the absence of the ball team from the city matinees will be given every Wednesday and Saturday.

The bill for the initial week is without precedent. Its chief thrill is a novelty called "The Death Swing," a sensation in which Mlle Bergerat, seated in a motor car, flies down a steep incline at terrific velocity is caught up by some apparatus and machine and rider swung into space, describing a series of circles. It is a maddening, hazardous dash.

The Flying Banvards, 4 stalwart men and two beautiful women, will perform upon the largest aerial trapeze ever constructed. They are eighty feet high and sixty feet across.

Powers' wonderful performing elephants, a troupe of pachydermes of astonishing intelligence, will be special interest to the children but to the adults as well.

Herzog's beautiful horses, ridden by the world's best equestrian, Mlle. Herzog, the famous Donedin troupe of daring Australian girl bicyclist; the celebrated European Donegan Sisters, in their roller skating and acrobatic feats, Van Cleve, Denton and Pete, the two funny clowns and the unridable mule; Lane and O'Donnell, most grotesque of knockout comedians; Wormwoods dogs and educated baboon's; the 2 Seibets, man and woman in a skilful and beautiful equestrian act, the Mamba Troule of Japanese athletes, equilibrists, and gymnasts, Signoor Conati and Mlle. Aviator, in a picturesue carrying act upon horseback, in which the man carries the woman aloft. Durbara's company of funny clowns, and numerous others comprise the enormous program; which Director Harry Davis announced last night.

Subsequently to this performance, Conti, the pyrotechnical expet, will give a display of fireworks rivaling the most magnificent exhibitions of Independence Day.

There are 30,000 seats on the splendid stadium at Forbes Field. 10,000 of these have been set aside at the general admisson price of 10c. The reserved seats are 25 cents and the private boxes 50c.

An Artist's Mustache.

The mustache was not viewed with favor in England in the middle of the last century. An anecdote is told of the late Thomas Cooper, the English artist, to illustrate. He was brought before a magistrate in 1846 on some minor charge and was described in the police report as being "fashionably dressed, with large mustaches." The Art Journal of the date, commenting on it, said that "no member of the Royal academy perpetrates the atrocity of mustaches, a most un-English affectation." Mr. Cooper became a member of the academy a few years later.

The 30th of May, the day when tender memories cluster 'round us for the gallant soldier boys in blue, and we would also pay our tribute to these heroes.

RESULTS!

During the year 1909 the Co-Operative Store did a business of $54,049.11, and paid in interest and dividends to its members $2,610.62.

Did you receive a share of the profits?

Did you participate in the distribution of the $2,610 62 which we paid our members in the shape of divfdends and interest during last year?

If you did not get a share of those profits it is because you are not a member or, if you are a member, it is because you did not do your buying at your own store.

The individual of whom you bought and paid for your goods, has made a profit on your dealings, but that profit he kept for himself, and instead of helping yourself to better your condition and that of your family, you have helped others to accumulate wealth which may be used to hold you down to your present conditions.

FOR ASSEMBLY

Republican Chairman

C. Wesley Yarnall

DR. C. WESLEY YARNALL, of California, has formally announced himself as a candidate for the Assembly on the Republican ticket at the Spring primaries, and from now on proposes to make an aggressive campaign in favor of his candidacy.

Dr. C. Wesley Yarnall is the son of Rev. J. V. Yarnall, deceased, of the Pittsburg M. E. Conference. He was born in Claysville, Pa., in 1860. His early education was obtained in the public schools of the county and the Normal School of California. Later he mined coal and taught school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburg and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., gradnating in the class of 1889. He then engaged in the practice of medicine in Rose and Beaversville, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the oldest members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. lodges. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected, I am in favor of personal registration, and better election laws.

I am in favor of the New School Code when perfected, and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition, and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications.

I am a Roosevelt Republican, and it was my duty as well as a privilege, to become acquainted with him while he was at the head of the Civil Service Commission in the 80's.

I believe the principles and policies he has given us as applied to Borough, Township, County and State government, will better our condition, and I am an enthusiastic supporter of the progressive policies for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,

C. WESLEY YARNALL,

Subject to Republican Rules. Primaries June 4th.

STAND FIRM FOR THE TARIFF

Ohio Republicans Make Answer to the Cheap Talk of the Discontents

THEY LIKE REAL PROSPERITY

Bryan's Crowd in Pennsylvania Seems to Have Been Driven Into the Tall Timbers—Colonel Guffey to Name the Candidate and Spend the Corruption Fund.

That talk is cheap and that some grades of talk is cheaper than others is conclusively demonstrated by the election returns from Ohio. The Republican primaries were held in the Buckeye state last Tuesday and the returns from a political standpoint are well worth while. Not a few of the Republicans from every section of the country who were ambitions to get their feet into the public feeding trough were shouting themselves hoarse over the default of the tariff and the national administration. They were contending with beautiful force that the woes of the world generally were provoked by the recently enacted tariff law and that the national administration was unpopular and against the best interests because the President had indorsed the tariff legislation. The fact that in a congressional district in one of the eastern states an unpopular candidate for congress on the Republican ticket had been defeated by a candidate without party alliances was freely offered as proof that the tariff was responsible and that only Republican calamity might be expected unless the tariff should be revised or something done which would advance the political interests of those patriots who were out of office and were anxious to serve themselves at the country's expense by getting in.

The Republican primaries in Ohio were fought out along the lines of the tariff and the national administration. The ambitious place hunters, concealed behind the cloak of tariff reform, talked the State fairly dizzy. They contended that the tariff was in a great degree responsible for the high cost of living and that the administration was a complete and dismal failure. They talked like W. J. Bryan, Senator La Follette and an up-to-date megaphone combined, and finally at the primaries the answer came from the people in a majority of more than 150,000 for United States Senator Charles Dick, who was seeking a renomination and who had made his fight clearly and distinctly on the issue of the tariff and the national administration. Every Republican candidate for Congress who had stood on the Dick platform was nominated by a safe majority, which at once teaches the important lesson that in all cases talk is cheap and that in Ohio the political insurgents were using very cheap talk.

Representative James Kennedy, of Youngstown, O., represents a district in Congress made up almost entirely of manufacturing interests. He had stood with United States Senator Boies Penrose, of Pennsylvania and Senator Dick of Ohio for protection to American industries and American labor when the tariff was being revised. He asked his constituents for a renomination on the ground that the tariff was the best this country had ever had and upon that platform he stood firm and fast. He was opposed for the nomination by two other candidates and one of them was also favorable to the protective tariff and the national administration. The other declared himself against both the tariff and the administration and talked long and loud of reforms which the country needed and which he pledged himself to bring about. Representative Kennedy was renominated and the insurgent was third in the race. With the industries of the country busy day and night and with labor getting steady work at advancing pay an attack upon the tariff and the national administration does not appeal with such force to the world in which prosperity figures so largely. It is apparent that the voters are becoming acquainted with the tariff. They are not to be hoodwinked by selfish talkers. Their confidence in the national administration is growing apace and what occurred in Ohio at the recent Republican primaries is absolutely certain to occur in Pennsylvania at the coming general election. Protection and prosperity are what the Pennsylvania voters want. They have precious little concern in isms and theories. They like the hum and music of the busy mills and especially they like the fat pay envelopes which come to them twice each month.

Revenge.

"That organist Belle jilted for the aged millionaire played a spiteful trick at her wedding."

"What did he do?"

"Instead of playing them up the aisle with the wedding march, he struck up 'Old Hundred.'"—Boston Transcript.

Apothecary's Weight.

"I'm sure," whispered the gossip, "that Mr. Pillsbury, the druggist, takes a dram occasionally."

"Yes," replied the bright girl, "I believe he has no scruples in that direction."—Philadelphia Press.

The Children of the Great.

There is a tendency for children of exceptional parents to regress toward the average stock. Galton terms this tendency filial regression. This, the London hospital points out, applies equally to exceptional physical and mental characters. Thus, though tall stature may run in certain families, yet there is always a tendency to revert to the mean average size. Similarly the children of a genius tend to have somewhat less than their father's power, but more than the average of the race. According to Professor Pearson, distinguished parents are just ten times more likely to have distinguished offspring that undistinguished parents. Still, such cases as the Darwins, father and sons; the two Pitts, Philip and Alexander the Great are exceptional. Similarly also the children of a criminal tend to be less vicious than the father, though morally inferior to the average man.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. FORD, 2201 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

HowtoCurzmea, Pimples,Exe and Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for Eczema, pimples, and dandruff. Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as Zemo has given splendid resultswherever recommended. Our customers like Zemo too, because it is a clean vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase, we give a booklet on skin disease explaining in some words how any person can be cured at home of any from of skin or scalp diseases by this clean, scientific remedy. Piper Bros.
